

Adobe Corporation has been supporting SeniorNet since Photoshop Elements was first released in 2001.

Once again Adobe has contributed to the success of SeniorNet and our Learning Centers.

Recently, through the generosity of Adobe's Group Product Managers, Bob Gager and Mike Iampietro, SeniorNet Centers received two software donations. Their contribution of 1500 Photoshop Elements 8 licenses and 1500 Premiere Elements 8 licenses (each worth \$150,000) is greatly appreciated by SeniorNet.

Adobe Photoshop Elements 8 is a great way to get started with digital photography. It's easy to learn and use, and it's packed with powerful tools for editing and enhancing your photos. Adobe Premiere Elements 8 is a great way to get started with video editing. It's easy to learn and use, and it's packed with powerful tools for editing and enhancing your videos.
