

Chairman's Corner

Thanks to technology, our youth are finding new and exciting ways to learn too! They are using 'Digital Learning' --- education delivered via a tablet computer such as, an iPad.

The iSchool Initiative as it is referred to, is not just a passing fad but something that is becoming a way of life in classrooms across America.

Just like your grandchildren, nieces and nephews you have a new option to learn as well. [Join us online](#) today to foster your academic and personal growth. [Click here to view the iSchool Initiative story on CNN](#)
