Since January 2012 SeniorNet has:

- Launched a social media blog <http://seniornet.org/blog/> to help familiarize users with social media sites like Facebook and Twitter.
- Partnered with Winster - on-line gaming site for seniors and boomers designed to encourage social interaction collaboration and mental stimulation through puzzles and card games. (www.winster.com)
- Entered into a partnership with Milestone Broadcast Corporation - Good News Planet is now available through the SeniorNet website (www.goodnewsplanet.com) .
- Published two world wide press releases (<http://seniornet.org/press.html>)
- Opened two new learning centers - Washington State and Washington DC.
- **Quinault Indian Reservation**
- **Second Union Baptist Church** - Watch Reverend William Harrison Washington DC SeniorNet center being interviewed by go to:

Our most recent partnerships are with -- GrandMentor, a program that offers senior volunteers the opportunity to read and discuss high quality children's picture books with underserved elementary school children over Skype. This is a quintessential example of the power and influence that seniors can demonstrate in helping our youth...and a great way to give back. Get involved -- go to <http://seniornet.org/grandmentor.html> to engage.

Enhance your life and make a difference in a child's life. This is a SeniorNet members exclusive program.

And **Telikin**, a company responsible for bringing a family computer to the marketplace that is simple and easy to use. Visit www.telikin.com to learn more about the product. Several of our centers are reviewing the new technology to determine potential use in our centers across the country.

For Immediate Release:

May 1, 2012. New York. **Milestone Broadcast Corporation (MBC)** is proud to announce that we have instituted a new **revenue generating feature** for everyone on our **Award Winning Website,** www.goodnewsplanet.com.

WHAT IT IS: On appropriate stories on our site a donation button for cash and donations of goods and services will be placed. We will also place a button to buy a product or service.

HOW IT WORKS: The GUESTS/PRODUCER for (the organization/company/individual) for the story that we or you post or create on www.goodnewsplanet.com will receive the following: A. 60% of all donated money and goods. B. 20% for any sponsorship and advertising revenues that MBC or you help to make happen. C. GUESTS product and service sales will be negotiated. GUESTS/PRODUCER should promote their content within their community.

WHO WILL BENEFIT: www.goodnewsplanet.com has many subjects; we believe we have covered every subject in the world. With this in mind, all products, services, for profit and nonprofit organizations/corporations, individuals, in English and in foreign language content can be monetized. The revenue received from every story can be given to whomever the content creator decides. We love For-Profit Companies supporting nonprofit stories.

GOOD NEWS JOB\$: We have created a separate website for people to create a JOB for themselves. www.goodnewsplanet.com/jobs. This site allows people to make money by becoming a Good News Reporter. Reporters will share the money with the people/organizations that they report on. This initiative benefits the following groups: OUT OF WORK, NOT MAKING ENOUGH, DISABLED, VETERANS, STUDENTS, NONPROFITS/NGO'S.

QUESTIONS: Please email us at goodnews@goodnewsbroadcast.com with the word QUESTIONS in the subject line.

We are excited for more people to benefit from the GOOD THAT THEY DO, and the more GOOD IN THE WORLD THERE WILL BE. Not that it is money that drives the good; it is what can be done with the money!

GOOD NEWS TRIPS: We are in the process of creating Good News Trips to Japan, Taiwan, China, and the Philippines. If interested please email paul.sladkus@goodnewsbroadcast.com

Senior Net and Good News members will receive a special discount.
